

NNIRC is delighted to announce that the next

NORDIC NEURO-INTERVENTIONAL RADIOGRAPHERS COURSE will be held in Oslo, Norway on  
27-29th September 2016.

Building on the success of [previous courses](#) - most recently [NNIRC 2014 in Copenhagen](#) -and with the full cooperation of the previous organisers, we are committed to bringing together radiographers, nurses and allied professionals in the field of neurointerventional radiology from across the Nordic region and beyond.

Our [program](#) will be tailored specifically to the needs of this specialised group, with presentations by leading neurointerventionists and other experts in their respective fields. All presentations and information about NNIRC will be in English.

An exciting program is currently being developed. Please contact us to [register your interest](#) and be to be kept up to date with all developments! Our website [nnirc.org](http://nnirc.org) will be updated regularly, and you can also follow us on [Facebook](#). You are also welcome to contact us at [nnirc@outlook.com](mailto:nnirc@outlook.com) with any questions you may have.

We look forward to welcoming you to Oslo!
